PROJECTS

Titan Company Financial Dashboard · Python, Streamlit, Plotly · Financial Insights course, FIIB — titan-sarthak.streamlit.app

- Built an interactive dashboard of Titan's consolidated financials from FY2019-20 to FY2025-26, sourced from annual reports: share price, P&L, segments, balance sheet and a financial health check.
- Added a scenario forecast (bear, base, bull or custom) of revenue, profit, EPS and dividend to FY31, and a chatbot, TitanBot.

Mamaearth Sales Diagnosis Agent · Google Gemini · Team project

- Built a custom AI agent that diagnoses Mamaearth's sales performance and gives managers actionable insights. Each team member built an agent; **mine was approved as the best**.

Build Your Acre · AI business game · Team of two

- Co-created a game where players build a home in Delhi NCR on a budget, then compete against an AI property advisor.
- Presented at the CIET · FIIB Gamified AI Business Projects Showcase in Oct 2026, where **7 of the 9 guests** who wrote feedback praised it.

Delhi ICU Finder · Public-data tool · Team project

- Built the team's search tool for reported ICU bed availability at Delhi government hospitals, with a chat assistant in Hindi, English and Hinglish.
